

Traffic Bicycling for Transportation Professionals is an all-day intensive workshop designed for transportation planners, traffic engineers, public safety advocates, and law enforcement officers. Learn the essentials of bicycle maintenance, traffic safety, nutrition, emergency avoidance maneuvers and riding gear. The basics of bicycling is covered in the classroom and then you'll apply it in the streets. You will be a more confident and knowledgeable bicyclist at the end of the class, guaranteed!

Instructor: Jesse Day, LCI #1691
